over the past two decades the rapid emergence and spread of both local and transnational extremist organisations has become a primary source of insecurity in africa extremist organisations represent the fluid and variable nature of conflict systems today and are at the heart of some of africa s most enduring conflicts moreover the inability of african states to contain the threat of extremism or of heavy handed security responses has led to the loss of thousands of lives displaced millions and deeply impacted the continent s democratisation and development goals this is the second anthology published by good governance africa gga on the topic of extremism and political violence in africa extremisms in africa one of the first anthologies of its kind on this topic to be authored and published on the african continent provided an account of how extremist groups arose in africa and the various ways in which they have harnessed their global agendas to local conflict dynamics and structural challenges enabling them to exploit the grievances of individuals and communities for their cause this anthology extremisms in africa volume 2 looks forward giving special attention to the ways in which emergent trends global geopolitics and conflict dynamics merge to impact upon the african continent to this end we have sought to engage diverse topics ranging from ecological concerns surrounding climate change and migration the implications of such human movement for modern day trafficking and slavery and the roles of women and youth state responses to extremisms on the african continent are not uniform the capacity of individual states to detect identify police investigate and prosecute is highly variable at the most fundamental level extremisms are ripe to

arise in contexts where governments are failing especially when democracy is on the wane this anthology identifies some of the most pressing challenges in addressing extremisms today and provides chapters that could offer actionable policy insights to governments and civil society given the nature of africa s geopolitical landscape state and security services alone cannot prevent extremism it will take a whole of society approach where government civil society academia communities families and individuals collaborate to better understand the local dynamics of recruitment and radicalisation and develop context specific strategies in response this anthology will hopefully provide practitioners with improved insight into some of the key challenges and potential solutions in preventing extremism while also being of interest to the general reader

the twenty first century is characterized by extremes of poverty and wealth of scarcity and abundance the vast inequalities of wealth distribution between the developed west and the impoverished developing world is a complex problem this book recognises that africa in particular has manifested this global disgrace and symbolizes the nature of poverty to the western world in order to truly emancipate the poverty stricken around the world we must necessarily understand the reasons for its existence in a departure from traditional critical realist theory gruffydd jones argues the benefits of reassessing the relevance of objective inquiry and emphasizes its primacy over normative theory in the battle to truly understand the reasons for the african crisis this approach brings us a book of real relevance for inequality in the modern world and gives us an important platform from which to move forwards in the fight against poverty

when voters enthusiastically turn up to cast their vote during general elections they expect that their action would meaningfully change their lives but in most of africa even when elections are held on a regular basis voters are quite often disappointed by the performance of their leaders who use the new positions as an opportunity to loot public resources and consolidate power it is almost as if elections are of minimal value to the populace notwithstanding this trend when they are free and fair general elections can be transformative they can bring into the political arena men and women of integrity committed to service and account ability inspired by the determination to have inclusive governance and the advancement of democracy kenya s 2013 general election stakes practices and outcomes asks important questions related to political participation coalition building politics of identity the international criminal court electoral systems and institutions and the judiciary the papers are written by mainly kenyan academics and civil society actors who examine the drivers of the 2013 general elections and the sources of the mandate to lead this book is part of publications by twaweza communications on democratic practice and accountable governance in kenya

this is a collection of bold and visionary scholarship that reveals an insightful exposition of re visioning african development from african perspectives it provides educators policy makers social workers non governmental agencies and development agencies with an interdisciplinary conceptual base that can effectively guide them in planning and implementing programs for socio economic development in africa the book provides up to date scholarly research on continental trends on various subjects and concerns of paramount importance to globalisation and development in africa politics democracy education gender technology global relationships and the role of non governmental organisations the authors challenge the familiar paradigms in order to show how imperfectly if at all assumptions about globalisation and development theories have failed in their depictions and applications to africa the scholars in this volume both inform and advocate for a re visioning of perceptions on africa and how it navigates global processes
